Mr. Paul Clanon  
Executive Director  
California Public Utilities Commission  
505 Van Ness Avenue  
San Francisco, CA 94102

  
Dear Mr. Clanon:

This letter is to inform you that PG&E made an inadvertent error in Advice Letter 3526-E, which was approved by the Commission in Final Resolution E-4285 on November 20, 2009. In Appendix D to the advice letter, PG&E inadvertently omitted that PG&E would receive and pay for the "amount of" Green Attributes generated during the tracking period. The Confirmation Agreement in Appendix H did correctly indicate that PG&E would receive and pay for the "amount of" Green Attributes generated during the tracking period and that the Green Attributes would be generated and delivered within the same calendar year pursuant to the RPS eligibility rules.

PG&E has received and made payment on the Green Attributes and the associated Firming Energy provided under this contract. The contract is now complete as the term ended on December 31, 2009.

Sincerely,

Brian K. Cherry  
Vice President
