Subject: Re: Follow-Up After Audit Tool Update

Lisa - we are working on finalizing meetings with OPower and will get back to you about coordinating our next audits meeting with the other utilities later in August.

I got your email about BEopt yesterday and yes, we are aware of this effort and will provide you with more information on how this fits with other tools as part of our update.

On coordinating calls, let's do that jointly, Lisa, as I want to make sure that the right people are in attendance and that we are minimizing "ad hoc" calls to respect people's time constraints and to ensure effectiveness of these meetings.

Let's discuss and determine the appropriate next steps. Thanks for your feedback and questions. I hope you have a great weekend!
