Subject: RE: SmartMeter Berkeley

Hi Sid,

This fact sheet is great. It would be nice if PG&E could quantify the GHG savings from avoided VMT for meter reading. I'd be happy to meet in person, but I already have a 10 am meeting scheduled for Friday. How about earlyish afternoon on Friday?

Scott --

Here are some sheets on the topics you asked about, let me know if this is useful or if you'd like to know more -- my cell is Redac
Redacted The SmartMeter deployment in Berkeley is 81% complete as of yesterday.

Let's catch coffee some time soon! Would next week Friday at 1000a work for you?

yours,

sid
