Subject: Schedule a Meeting to discuss AL Template

Hi Maggie,

Hope you are doing well. By way of introduction this is Niki Bawa. I am working with Sean Simon in the RPS group at the CPUC, Energy Division. After reviewing the 2009 Advice Letter 3687-E for Coram, we would like to talk to you about modifying the AL template for future filings in order to help make the process more efficient. Some of the issues we would like to discuss are providing: 1) analysis and workpapers based on net market value and LCBF rather than just price, and 2) better clarity and consistency in explaining LCBF and net market value calculations in the advice letter and workpapers. We are free Monday at 1:00 pm or Tuesday morning at 10:00 am. Please let me know if either of these times will work for you. Thank you.

Kind Regards,

Niki
