**Subject:** Customer disconnect issue

CAB has been contacted regarding a particular customer disconnection with complex surrounding issues.

In a nutshell...a customer with a roommate had their electricity disconnected in May. The service was in the roommate's name and she moved out with \$3,000 owed to PG&E. The customer had a premature baby with multiple, severe, life-threatening problems in January. In order for the baby to leave the hospital, respirators and other medical necessities needing electricity will be required. The customer tried to get service in her name. PG&E reduced the bill owed to \$2,000, but it appears the customer cannot afford the fee or possibly even a bill arrangement. The customer has a social worker and TURN is involved. It is likely the customer will qualify for "Medical Baseline", but she is not on it yet.

This seems to have several political implications and I request some assistance as to which course of action CAB should follow.

I can be reached at 916-327-7189 and we can patch in Phil (415-703-4112).
