I spoke with mike this morning and he thought a January 1, 2016 date would work.

Brian: The troops have been really trying to make the 2016 date work. Will probably try to see if we can get January 2016 as opposed to June 2016. Life for all of us would be better if that can be done. I must say though, I am impressed with the effort to make this work. On the 4pm call this afternoon, everyone was upbeat and hopeful that we all can make this happen. I'll send a report after the meeting tomorrow. PG&E seemed particularly cooperative.
