Paul and Frank:

I wanted to give you a heads up, we are finalizing

the documents for our petition to modify the 2008 LTRFO decision seeking approval of the Oakley Project with a two year extension in the guaranteed commercial availability date, and plan on filing early this afternoon. I will get you a copy as soon as we file (there are confidential and public versions, I will send you all a confidential). Let me know if you have any questions or want any additional information. Thanks for all your help.
