Thanks for this, Brian. I don't think garage access is a problem. Will there be only one car or two and how many people?

Thanks!

Terrie

Paul/Matt/Terry - see the link below to an EMF group that is organizing a protest during Peter Darbee's presentation at the PUC's Speakers Forum on August 12.

I have spoken with both Carol and Mike about this protest and they asked that we keep you informed. Peter was scheduled to have lunch with Mike at an offsite restaurant prior to the meeting. However, Peter and Mike will have lunch in Mike's office and get to the auditorium through the "Commissioners" entrance. We would also like Peter to have access to the garage of the PUC if at all possible. That way we can avoid any disruption or media event. I would expect the protesters to be seated in the audience and that CHP will be available for security.

Our PG&E security team will be in the audience. They have been directed to observe only and not to interfere or assist the CHP unless asked to do so.

I'm sure we will hear more. I would also suspect TURN will recruit protesters for the meeting.

Let me know if you have any questions. As I learn more, I will keep you informed.
