Subject: Re: Data Request related to UOG portion of solar PV program

Hi Amy,

We will pull that information together and send to you this morning.

Thanks,
Meredith

Hi Meredith,

This is very helpful, thank you. Would you mind providing me with the MW sizes for each of the sites (at the least the non-LCR sites)? That way I can see the ratio of MW in LCR areas to non-LCR areas. If possible, can you provide this by noon today? If that's not possible please let me know.

Thanks

Amy,

Attached is the response to your request.

Please let me know if you have questions or need additional information.

Thanks,

Meredith

Meredith,

As we discussed on the phone, I need some more information on PG&E's purchase options. I'd like to know how much of the 250 MW PG&E has a purchase option for and where that land is located, including whether the land is in an LCR area or not.

Do you think you can get this to me on Wednesday next week?
