Meredith,

Checking in on timing for issuing a draft resolution on the BrightSource Amendments. PG&E requested approval on October 14 and I am wondering if the October 28 meeting will work for BrightSource. Please let me if this works and what the critical dates are for BrightSource's project development plan and how they relate to Commission approval of the AL. I intend to issue a data request concerning the change in cost assumptions and corresponding contract price increase and I want to be able to provide sufficient time for PG&E to respond. Please let me know at your nearest convenience.

Thanks, Sean
