Subject: RE: new PPM criteria

Ayat-

PG&E has the same issue – several of our key stakeholders for the PPMs will be in Chicago. I think that if we can make the 20-21 happen, that would be desirable.

Thanks again for helping to coordinate this.

Subject: RE: new PPM criteria

All,

ok we found a location which has a cost associated with booking the conference rooms (Westfield Center Downtown SF). So given the conflicts I need to know ASAP if I should reserve the location 16-17 or should be looking into 20-21 which would be pushing the schedule tight but if no other options that would be the fall back since its is very important to have key program managers/implementers attending these meeting..

thanks

Ayat

Ayat-

Thank you for arranging the next phase of PPM meetings. I know it's a colossal undertaking to coordinate so many programs and so many people in a limited time frame, but I wanted to give you a heads up that there is a potential scheduling conflict. The CEE Industry Partners Meeting is being held in Chicago the same two days as the PPM meetings. We are looking into who from the other IOUs are scheduled to attend CEE, as there are some key program staff from SCE that were planning to be there. I'll get back to you as soon as we have a better idea the impact of that conference will have on attendance at the PPM meetings.

Thanks again!

Michelle Thomas

Hi Carol

We will be sending meeting materials before the meeting to all IOUs (hopefully the week before the meeting or so) but for now we do not have anything ready to ship out yet..

Hi, Ayat, When I spoke to Simon last week, he agreed to also send out the criteria he gave his staff for drafting the next set of PPMs. Would you please share that with us? Or should I contact him?

Thanks,
Carol

The PPM SW meeting will be schedule Sep 16-17. All IOUs have been notified.

ETP section will be on the 17th please plan to attend and let me know if you plan to use the first half of the date for ETP planning update.

Kindest Regards,
Ayat

Subject: RE: SW ETP Meeting

Hi Ayat,

I looks like September 14 will not work because of several scheduling conflicts, so will need to reschedule the meeting. Given all that is going on in September, it looks like the next opportunity will be sometime after the ETCC meeting. We are happy to host in Southern California, but I suggest that we move forward scheduling this important meeting regardless of when the PUC schedules the PPM meetings.

If you and the other IOUs agree with this approach, we can begin the effort to finding a new date.

Thank you,

Edwin

Hi Edwin

All I will also be working with the IOUs to set up SW meetings for PPM for all sectors (staff presenting PPMs that will go in the resolution) the week of Sep 13th.. I will let you know about the schedule/location as soon as I pin it down..

I still need to confirm with you that this meeting is happening regardless so that I can plan accordingly; so please let me know (also head count for our ETP meeting)

regards
