Subject: Re: Pending PFM of D.09-09-047 - Inclusion of proposed changes to whole-house retrofit targets

Simon

It is included in the upcoming PFM. Yesterday, we received Cathy's request to file a separate PFM on Whole House so we can stay on track with the implementation of the program. We are working with our attorneys to make this happen.

Subject: Pending PFM of D.09-09-047 - Inclusion of proposed changes to whole-house retrofit targets

Hi
All,

Just checking to make sure that changing the whole-house retrofit savings targets from 20% to 10% is still going to be included in the pending PFM, as we discussed in a previous ED/IOU EE mgmt call. We noticed after the fact from our last call that it was missing from the list of 7 issues you outlined.

Please

confirm. Thanks!

Best,
