Subject: PG&E -- Core Gas Supply Canadian Pipeline Renewal

Meeting Notice:

PG&E Core Gas Supply

**Canada's National Energy Board's Decision adopting NOVA Gas Transmission Ltd. (NGTL)
Term Differentiated Rates
And Core Gas Supply Pipeline Renewal Discussion**

Wednesday, Sept. 25

1:30 - 2:30 pm

505 Van Ness, Room 4206

On August 12, NGTL received NEB approval to offer term-differentiated rates, whereby shippers may receive discounted pipeline reservation rates for longer term commitments on Nova Gas Transmission Ltd. PG&E's Core Gas Supply will provide a brief update on the Settlement approved by the NEB, and discuss the opportunity to renew our Canadian contracts to match the existing downstream Gas Transmission Northwest contract terms, enabling CGS to receive maximum Nova value (10% reservation charge discounts).

Mike -- hope you can make it. If not, we'll schedule a separate meeting or call.

Thanks,
