I did not call into the PRG. I am happy to make time for PG&E to talk about their proposal at some point.

The sooner you can get it to us the better. If you do not get it to us by 4pm please email the document directly to the service list and bring sufficient hard copies since people will have had a limited opportunity to print out their own.

Aram,

It's currently going through final review. Can I send that to you at the end of today? Also, given that this is a public workshop, PG&E's presentation will be focusing on the public portion of our proposal. The details of PG&E's strategies were included in Confidential Appendix A, and some of that were shared at the PRG meeting. I'm not sure if you were able to call in at the PRG meeting last week (I think Rebecca did). PG&E is available to walk through the Confidential Appendix A with you and your Team after the workshop. Let's chat on Monday.

Thanks,

Hello guys,

We're hoping to put the CB presentation online so you can avoid bringing hard copies, etc. Do you have a version for public release available?
