Subject: RE: PG&E/CPUC Staff Meeting on Convergence Bidding

Great! This is to confirm our meeting tomorrow (8/26) at 3:00 at the CPUC office.

Aram - please let us know if a conference room is available for this meeting.

All - it would be helpful for PG&E if Engy Div or DRA staff have any specific questions on PG&E's proposal prior to our meeting, in addition to those posed by DRA in its recent filings in which some were general comments applicable to all 3 IOUs.

Thank you,  
Alice

3PM is fine with me. Just let us know where.

Dave

I can join at 3. I think that Dave Peck can too (to be confirmed), and possibly Noel.

Subject: PG&E/CPUC Staff Meeting on Convergence Bidding

Energy Division and DRA Staff:

PG&E is available to meet at 3:00 this Thurs (8/26) at the CPUC office to discuss its convergence bidding proposal. Given that Aram was not at the PRG meeting when PG&E's proposal was presented, the first 1/2 hr will be to provide an overview of its proposal, and the second 1/2 hour is to answer any questions that Energy Division staff might have and to address the supplemental comments and Request for Hearings from DRA.

For DRA, feel free to join us at the beginning of the meeting for an overview, or join us at 3:30. Does this work for everyone?

Feel free to bring others from your staff. Please let me know by noon today if this works so that I can loop back with my Team.

Thank you,
