BTW - have lunch at the rooftop restaurant at the Four Seasons. It's expensive compared to other places but has a great view of the river. Also, almost every night (esp in or near the old town), churches have concerts in the summertime,. Some start at 6pm and others 8pm. They are usually 500-1000 crowns and you get a concert in a beautiful church. Very cool. Also, there is ballet and chamber music at many of the bigger venues. Often, you can walk up and get last minute tickets.

Hi Brian,

Thank you so much for the guidebooks. I like the English one with all the castles. As far the crowns, we'd like to take you to lunch or dinner when we get back. There's this new amazing restaurant in the Mission called "Commonwealth" which is in your taste world.

thanks again very much.
