Hi Laura, I don't think it will be a problem that you couldn't find it. We've got the billing people on it this morning. Redacted is following up.

I think I threw them away when I saw that they were not helpful.

I hope you don't mind but I also sent an email to brian cherry too...

I'm also trying to see if bob lane can't get them waived from the other side.

Wish I could print out my 800 TRW report and hand that over.... ugh
