Subject: RE: Possible meeting for Comr. Simon in a couple of weeks - Background on Gas Hedging Programs/Regulations for AGA Presentation

Karen,

As promised, here is an electronic copy of the materials I presented on Friday. Please let me know if you have any questions. I also want to quickly note that this deck does contain PG&E portfolio specific information and is protected under PUC section 583 and D 06-06-066.

I look forward to meeting again in a few weeks.

Thanks,
Sini

Subject: Possible meeting for Comr. Simon in a couple of weeks - Background on Gas Hedging Programs/Regulations for AGA Presentation

Dear Bill,

Thank you very much to you and Sini for meeting with me this morning to start the discussion about Comr. Simon's presentation for the AGA Sept. 30 meeting in Seattle.

If it is possible it would be productive to come back in to talk with Comr. Simon about these issues in the next couple of weeks. Would it be possible to please send in a meeting request so we can consider when best to schedule it--it would help a lot.

In the mean time I will review the material you provided and will be working on some draft materials.

Thank you so very much,

Karen Shea
