Subject: CPUC Thought Leaders Event on 9/22/10: Dr. Peter Fox-Penner

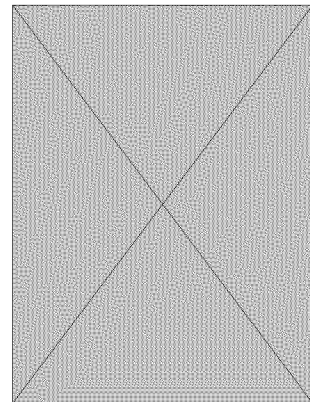

Hi
Shawn:

Thanks again for helping make Mr. Darbee's Thought Leaders Event a success. He made a compelling and convincing argument for the smart grid, and has shown true leadership.

All the
Best,

Ted Howard

The next CPUC Thought Leaders event will feature **Dr. Peter Fox-Penner, a Principal and Chairman Emeritus of *The Brattle* Group.** *The Brattle Group* provides consulting and

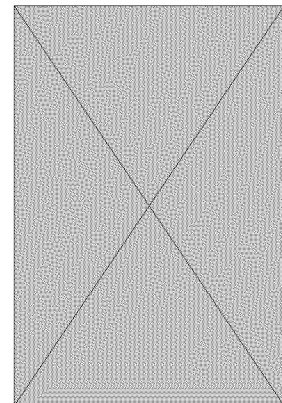

Mr. Fox-Penner is recognized as an international authority on energy and environmental policies and electric regulatory planning and competition issues. He will discuss his vision for electric utilities as described in his new book, Smart Power: Climate Change, the

expert testimony in economics, finance, and regulation to corporations, law firms, and governments around the world.

Smart Grid, and the Future of Electric Utilities

<[. This will include business models that reflect the new roles and abilities required of utilities adopting Smart Grid technology: balancing and dispatch of energy across a changing grid and management of advanced end-use technologies for energy consumption.](http://www.smartpowerl</u></p></div><div data-bbox=)

According to Dr. Fox-Penner, adopting and adapting to these changes will be one of the primary challenges the industry will face for the next 20 years.

Matthew Deal, Policy and Planning Division Director, will be the Master of Ceremonies, which includes moderating a Q&A session with Mr. Fox-Penner. In order to facilitate the session we encourage those with

questions for the speaker to send them in advance of the event. Please send your questions to thoughtleaders@cpuc.ca
