Subject: Updated PIP List for PG&Es

Hi George,

Attached is an update to your excel file with the public links to PG&E's latest versions of the 2010-2012 EE Program Implementation Plans (PIPs), including links to advice letters that approved new or revised PIPs. Proposed Program Performance Metrics (PPMs) are not included in these PIPs and the budgets shown in most of the PIPs are not current as they were filed last year prior to the final EE decision being issued. The links to the latest proposed program budgets filed by advice letter on June 30, 2010, (but not yet approved) are also included at the end of the list.

George,

Your list does not reflect PG&E's latest PIPs, including the PIPs approved by advice letter, e.g. SW IDSM, SW Whole House and our local ZNE and OBF PIPs. We will need a few days to update your list and provide you with the links.

Hi, George!

The SDG&E and SoCalGas have not officially updated any PIPs as Shilpa states since there are some things we need approved (e.g., PPMs) so that they can be incorporated into the PIPs. We also had discussions where there may be program adjustments based on the "knowledge transfer" exercise.

George,

My understanding is none of the IOUs have updated their PIPs from what was filed. The PIPs would have to be updated statewide, if SCE did update theirs.

I'm including Don if he has additional insight on your request.

Thanks.
Shilpa

Subject: Updated PIPs

Hello all, would you be able to tell me if the 2010-2012 PIPs for PGE and Sempra have already been updated, from what is listed in the attached spreadsheet?

I'm asking because I recently heard there are updated SCE PIPs online.

If there are updated PIPs, can you send me a link where they are located.

I want to get all the original PIPs in one place, so they can be inventories and

updated accordingly.
