Update 9:30am

No leaks found by GSRs on the meter set, houselines or appliances. Flame pack did not find any leaks either. Power is out in area so GSRs and supervisor will stay on scene to operate and inspect gas appliances once power is restored.

Ruben.

At this point, no media on scene.
Also - substantial power outage and woman next door on last tank of oxygen.
Electric sup. Is on way with generator.
Thx, [Redacted]
