We have now officially reached the point, long in coming, where I know about what's happenign at PG&E than you do, and you know more about what's happenign at the PUC than I do.

But you still can't have my parking space.

Oops. That didn't even occur to me. I understood he was going to do it. I got the impression from Steve it might be him. Let me double back on it.

I'll check on the 2003 thing. Is Chris not going to testify next week?

Paul - Steve Kline, our VP of Governmental Relations in DC, will be testifying before the Senate Committee next week. He was wondering if you or Rich would be willing to share your statement or thoughts in advance of the meeting and he would be willing to do the same. He wants to avoid any finger pointing or putting ourselves in otherwise contradictory positions. I told him I would ask.

Also, today's Resolution asks for us to provide lots of data from 2005 onward. We are fine with that but at page 12, item 20, it asks for data from 2003 onward ? Is that a typo ? We've been working from the 2005 date and would like to keep that focus if possible.

Got approval from Tom on the \$500K. I've asked the CFO (who happens to be my wife) to make sure I get the check on the same day I receive the transmittal letter.

So magnanimous of Dian not to seek another term.
