Subject: SDG&E/SoCalGas RD&D Program

Hi Andy,

The overall name of the program is RD&D. SoCalGas is authorized to invest \$10 million per year on behalf of customers and SDG&E about \$3-\$4 million. It is funded through a balancing account and then trued up in the GRC. It was initially authorized in 1999. The program manager is David Barakoff (not sure about the spelling) and not Jeff. His phone number is 213-244-5340.

Please let me know if you need additional information.

Thanks,
Meredith
