David,

Can you please work with BrightSource to put together a simple list of the changes to the project as a requirement for permitting or obtaining the DOE Loan. Some of this was covered

in the data request, but more information came out during the meeting. For example,

Permitting

- zero grading pylon application
- sensitive flower protection and/or relocation

DOE Loan Guarantee

- third party installers
- third party O&M

Let me know if you have any questions.

Regards,  
Sean
