Thank you very much for the prompt feedback, Ayat.

I rolled the Reach Code comments you and Ken provided into the version I sent at 12.47pm today to create the attached version.

The attached is the version that IOUs should use for making comments going forward.

Thank you for your time this morning and have a great weekend.

Best,

Goal is for ED and C&S program managers to reach agreement on specific language for PPMs, finalizing discussions and draft language worked out on Monday. Follow-up to Monday's San Ramon meeting with Ayat Osman et al.

1. We'll use GoToMeeting so that everybody can see the language. Please log in a few minutes early in case it takes you extra time for setup.

2. Use your microphone and speakers (VoIP) - a headset is recommended. Or, call in using your telephone.
