Subject: LMT short term objectives-ED suggested

All, attached is a document with ED's recommendations for short term SMART objectives for the LMT program. The spreadsheet sent last week in the consolidated PPMs doc for LMT only contains subprogram descriptions in the short term objectives area. These need to be changed to specific, measurable, realistic and time-bound objectives for the resolution.

Please use the attached document to guide your comments to the ED proposed PPMs for LMT, and let me know if you have any questions.

Also, this address list is not complete, so please forward to others working on LMT at your organization (Brian, I couldn't find Nate Belino's email).

Thanks!

Mikhail
