Subject: Extension of time for EE CCA workshop report

All,

I've spoken with the assigned commissioner's office, and they will provide **one extra week** for

preparation and submittal of the workshop report. So, it is now due October 22nd. However, the trade-off is that the expectations for the quality of the report, and its success in constructively addressing the questions posed in the September 22nd Phase II Ruling and Scoping Memo, are commensurately higher. But I remain confident that you will easily clear the now-higher bar--
