Subject: SAVE THE DATE: Sept. 21--Senator Padilla and CPUC Comr Ryan Convening Meeting to
Improve Auto-Utility Coordination Re: Electric Vehicle Roll-Out

Representatives of Automobile Manufacturers and California Utilities:

California State Senator Alex Padilla and California Public Utilities Commissioner Nancy Ryan invite you to participate in a meeting on September 21st at 10am to be held in the Maddy Lounge in State Capital in Sacramento.

Following remarks that Senator Padilla made at a Senate Energy hearing held on August 6th in Los Angeles, Sen. Padilla and Comr. Ryan are inviting representatives of automobile manufacturers and utilities to discuss how to improve communication and coordination related to the introduction of plug-in electric vehicles in California.

The focus of the meeting will be on finding ways to help the utilities anticipate where and when plug-in electric vehicles will be entering their service territories to ensure a good customer experience and avoid any detrimental utility system impacts.

Please RSVP to Kellie Smith and me. Letter invitations will be sent out early next week. An agenda will also be forthcoming.

Contact me with any questions.

Regards,

Andy Campbell

Advisor to Commissioner Nancy Ryan
