Hi Paul,

I tried to find out a bit about the journal were the paper we discussed was published.

Pathophysiology is a journal which doesn't pull up on the Thomson Reuters JOURNAL CITATION REPORTS, the engine for impact factors.

Elsevier Publishing does not list an impact factor on the Pathophysiology website under Facts and Figures, unlike some of their other journals.

I will keep trying to learn more, but just the fact that it does not come up in JOURNAL CITATION REPORTS is informative I would guess

Best wishes

Leeka

Sure, I'll try to set something up. Are there times that would work well for you?

Sid, would it be possible for me to have a quick conversation with Leeka Kheifets and you? We're getting bombarded over here with "peer-reviewed studies" cited by the EMF Health Network like this one:

<http://emfsafetynetwork.org/wp-content/uploads/2009/10/sage.pdf>

and I just want to ask Leeka how she thinks of these things herself, and how other professionals in the field do.
