Hi [Redacted]

In Brian's absence can you forward this message to the appropriate person? Thank you.

Per GO 167 requirements we filed the attached June 2, letter advising the CPUC of the Humboldt Bay Power Plant (HBPP) closure. It now looks like the plant will close on Sept 27th.

Will someone in Regulatory Relations be contacting the CPUC to provide a heads up?

Judy Mosley will handle the GO 167 aspects of the HBPP notification for Law so please let her know about your communications with the CPUC. Thank you.

Annette
