Subject: PG&E Data Request 01 deadline extension

Hello Bill,

In our phone conversations on Friday (9/17/2010) and Monday (9/20/2010) regarding CPSD's data request (PG&E-01), PG&E requested additional time to provide post San Bruno gas line explosion gas smell or odor complaints and a time frame between Sept. 9 -17 for these complaints. I understand PG&E will be able to provide all information, except for the post explosion complaints, on or before 10/1/2010. For the post explosion complaints, PG&E requests an extension to 10/15/2010, and said they will have the complaints ready on or before such time. I conferred with my team and they have no objection to the extension. With regards to the time period, however, CPSD prefers PG&E provide all post San Bruno gas line explosion gas smell or odor complaints, notifications, and contacts, **brought to the attention of PG&E, from September 9, 2010 to September 30, 2010.**

CPSD will look forward to receiving PG&E's responses on or before **10/1/2010**, except for its response on post explosion complaints which will be due on **10/15/2010**.

Thank you

Sincerely,

Bezawit Dilgassa
