All,

After discussing with Helen and Steve, I have rearranged my schedule and plan to attend this joint  
Senate/Commission meeting on the 21st

Warmest regards,

Andrew Tang

I believe I have a conference in NY that day and can't make it. I think Saul would be the right backup.

Who would we like to send ? I'd suggest Andy has the most comprehensive knowledge and would work well with Nancy.

Representatives of Automobile Manufacturers and California Utilities:

California State Senator Alex Padilla and California Public Utilities Commissioner Nancy Ryan invite you to participate in a meeting on September 21<sup>st</sup> at 10am to be held in the Maddy Lounge in State Capital in Sacramento.

Following remarks that Senator Padilla made at a Senate Energy hearing held on August 6<sup>th</sup> in Los Angeles, Sen. Padilla and Comr. Ryan are inviting representatives of automobile manufacturers and utilities to discuss how to improve communication and coordination related to the introduction of plug-in electric vehicles in California.

The focus of the meeting will be on finding ways to help the utilities anticipate where and when plug-in electric vehicles will be entering their service territories to ensure a good customer experience and avoid any detrimental utility system impacts.

Please RSVP to Kellie Smith and me. Letter invitations will be sent out early next week. An agenda will also be forthcoming.

Contact me with any questions.

Regards,

Andy Campbell
