Climate change is real. For a better future for ourselves and the next generations, every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy cost, see our web site at <http://www.arb.ca.gov>

Subject: [FWD: DFEEQP -- Attendance and lunch info for 9/15/10]

Importance: High

Hi Everyone,

Reminder per below.

Thank you.

C.

Working Group Formerly Known as DFEEQP

Hi Working Group Members,

Two very important reminders:

1) Definitely **DO** read the agenda and materials sent via

the last email -- we WILL be discussing important planning issues for the next cycle and

now is the opportunity for WG members to weigh in on critical topics related to demand

forecasting. ALSO, prepare your vote for our new WG name

2) **Please follow the link below to a doodle poll by COB Monday 9/13.** Enter your name and briefly describe what you would like for lunch off the following menu -- we're going to see how well it

works bringing in lunch so we don't lose momentum during the day. *Please log in*

to the poll even if you've already told me that you are planning to come. I'll do my best to

order what people want. However, if it gets too complicated, I'll simply have a selection of

box lunches and drinks brought in.

Here is the poll link to note that you're attending and mention a lunch preference

<http://www.doodle.com/u5f9hxhwkcfghwrd>

And here is the menu:

Thank you.
