Subject: RE: OPOWER online audit functionality

Lisa, I left you a VM message after checking with the audits team. They support this meeting as a way for you to talk to OPOWER independent of PG&E regarding their capabilities.

Subject: RE: OPOWER online audit functionality

I think we are interested to find out if PG&E is aware of this meeting request and agree with having another meeting with O-Power given that we have already met with O-Power and PG&E reps previously on the audit tool. Shilpa, are you aware of this meeting request and is this something PG&E supports?

Lisa

Thanks! I will check and get back to you. Maybe I can attend if you set up something.

Hi Elizabeth-

See the e-mail string below. Are you or PG&E aware of this meeting request from O-Power?

Thanks Simon. We got feedback from PGE and Sean Harrington (of OPOWER) ran into Jeanne Clinton not long ago where they discussed the need for more information on this new tool. Notwithstanding those instances, we'd look forward to the opportunity to discuss this with you as the staff that oversees this program.

I'll look forward to hearing from Lisa. Thanks for the time in advance.

Best,

Erin

Hi Erin,

Please work with Lisa to set this up. Who suggested you provide this briefing to us?

Best,
Simon

Lisa, Cathy, Simon,

As you have seen from the email below, I work with O Power who is currently under contract with PGE. In addition to the behavior based EE program they have developed for utility use, they have also developed an audit tool. It has come to our attention that we should provide a briefing to you on this new audit tool and we are looking forward to the opportunity to meet with you all and discuss this new mechanism.

Would you be available to meet the afternoon of Sept 30, Oct 1, or sometime the week of Oct 4? The meeting will be with me, Sean Harrington and Michael Sachse.

Thank you,
Erin

Hi, Erin. Best that you approach 3 of our EE staff for setting up this presentation --
Lisa Paulo, staff lead for iDSM
Cathy Fogel, lead for residential sector (assuming your tool is for that customer group)
cc; Simon Baker, supv of EE Plannin section

Lisa and Cathy are the key folks who would want to be aware of the OPower tool, I think

..

All copied here for your convenience.

Hi Jeanne-

I wanted to make sure you saw this email that I sent last Thursday- I know how inboxes can get flooded....

Best,

Erin

Hi Jeanne,

I hope this finds you well. As you know I work for OPOWER, who is currently in contract with PGE to provide service under their EE program. Sean Harrington, Michael Sachse and I would like to come in and meet with you to demonstrate the progressive audit feature they have developed and will deploy under their PGE contract. We understand that we may have been remiss in not briefing you on this tool earlier.

We also understand that PGE will be meeting with ED staff in the near future but we believe that it would be beneficial to meet with you as well.

Would you be available to meet the afternoon of Sept 30, Oct 1, or sometime the week of Oct 4?

Best,

Erin
