Thank for your note and the info on the vigil. Meredith called me at home to tell me about Jacki since she knew how much I admired her, and I was already tearful about the event. It sounds like it's been a very hard year for DRA. Thanks again, and take care.

yours,

sid

Thanks, Sid. We're all very emotional over here right now. At least I've had the blessing of not having had time to focus on the loss, with all the work getting the investigation up and running, dealing with media, etc., but if you walk around DRA right now they're just reeling. They've had four deaths this year, and Jacki's is by far the hardest.

Paul --

Leeka was on the line, so I didn't want to get into it, but I wanted to let you know how sad and how sorry I am about Jackie, whom I worked with when I was on gas cases. She was as wonderful as everyone is saying, and a big loss for the commission and for customers.

yours,

sid

Sure, I'll try to set something up. Are there times that would work well for you?

Sid, would it be possible for me to have a quick conversation with Leeka Kheifets and you? We're getting bombarded over here with "peer-reviewed studies" cited by the EMF Health Network like this one:

<http://emfsafetynetwork.org/wp-content/uploads/2009/10/sage.pdf>

and I just want to ask Leeka how she thinks of these things herself, and how other professionals in the field do.
