I have some suspicions but to be honest I am not certain how this came about. CARE's motives mystify me lately. I can tell you we have been working with Mirant (who need a final/non-appealable decision to move fwd on Marsh Landing), and besides agreeing with them to collaborate on a swift response to the AFR, we had suggested they reach out to CARE directly (which they hadn't yet done on this project). Frankly none of us held out much hope that would yield anything, and I haven't yet had a chance to check with Mirant to see if they did talk with CARE, but maybe they did...?

Bad day today. I am sick about Jackie. Hang in there.

Trina, I'd love to know how this came about if someone over there wants to tell me!
