Thank you Ramesh for keep us informed. We at PG&E Core Gas have been grieving and praying for Jacki and her family all day. It was truly a pleasure working with Jacki through the years. We appreciated her thoughtful defense of PG&E's core gas customer interests. I always felt she helped make us better at what we do, buy reliable gas and manage the assets to help lower customer costs.

Jacki will be missed by many people in our industry and by the core gas consumers of California.

Dave

Subject: DRA's
Jacqueline Greig Feared Dead in San Bruno Explosion

The press is now reporting the feared deaths of our friend and DRA colleague Jackie Greig and her youngest daughter in yesterday's San Bruno explosion and fire. Jackie's husband James and older daughter were at a school event at the time, and are safe.

Although there's still no official confirmation, I'm afraid we must prepare to accept the worst.

The many, many people who knew and loved Jackie grieve with her family. In her over 20 years with us here at the PUC, Jackie's quiet strength, great intelligence, and sincere friendliness shone through to everyone around her. She was a model of kindness and caring and we can all fall back on that example ourselves now, for help in dealing with her loss.

We'll circulate memorial information when arrangements are made.
