Subject: Revised Residential Retrofit_WH_Lighting Study Proposal

All –

For our follow-up discussion this afternoon at 2pm, please use the attached revised worksheet instead. We have also added a tab to provide definition of certain terms.

We understand the current one-page briefs on the base-camp do not have the desired level of details for project description. We have reviewed Tim Drew's instruction for the base-camp again, and have modified our one-pager to include more of the details you are asking for. Attached are the product description for Statewide Whole House Baseline Study and Advanced Lighting Baseline Study Phase-2 for illustration. We should talk about if this is the right level of detail for you.

Regards,

Caroline Chen
