Dear Mr. Gatchalian:

Enclosed is an original and 4 copies of a substitute sheet for Advice 3065-G-B/3562-E-B, *Second Supplement: Compliance Advice Letter Implementing PG&E's 2010-2012 Energy Efficiency Portfolio Budget and Other Directives Pursuant to Decision 09-09-047*. This substitute sheet for page three of Attachment 5 is submitted to provide notice that PG&E has corrected one of the electronic files it made available on September 17, 2010, as part of the advice letter.

The electronic zip folder in Appendix H – E3 Calculators, named “PG&E Program E3s”, that was posted on September 17, 2010, has been replaced to correct the file named “Total Portfolio Input-Output.xls” as marked with an asterisk (\*) on the attached substitute sheet.

The E3 Calculator links for the Appliance Recycling refrigerators (INPUT tab, cell R30) and freezers (INPUT tab, cell R32) savings per unit values have been updated in the substitute file and does not impact any other filed values.

Please telephone me at Redacted should you have any questions regarding these substitute sheet.
