Paul - Trina is going to be our point person for data requests, information, whatever that is related to San Bruno. Bill Stock will be reporting to her for this assignment. Not sure how you want to inform the panel or if you even want the panel working with her but I thought I would offer.

Tom, will you be contacting Larry Vanderhoef in the near future to let him know who his contact is for PG&E -- Trina and I are working up what we'll need to do, and our governance for you,

Thx
Jane
