Subject: Re: solar pv program confidentiality protocols

Sean,

The Code of Conduct is Attachment C to our PV PPA Advice Letter, beginning on page 352 of the pdf file.

I will call you when I get off BART.

Thanks,  
Meredith

**Subject:** solar pv program confidentiality protocols

Meredith,

I am reviewing the solar pv program AL, specifically the confidentiality provisions required per the decision. I am having trouble finding the actual confidentiality language per the direction in the AL, i.e., I don't see the Code of Conduct on the website. Can you assist?

D.10-04-052 requires PG&E to develop confidentiality protocols to ensure that

information given by Participants to PG&E through the interconnection or RFO process

is not shared with PG&E's staff working on utility-owned PV

Program generation.

PG&E has developed a Code of Conduct to implement these confidentiality protocols,

and all PG&E employees and consultants working on the PV Program are required to

sign and abide by it. The Code of Conduct is posted on the RFO website at

[www.pge.com/rfo](http://www.pge.com/rfo).

PG&E will establish separate files on the Company computer system

to manage the information for the PPA portion of the Solar PV program, with approved

secure access only for the appropriate staff involved in this project. Staff working on the

utility ownership RFO will not be given access to these files.

Regards,

Sean
