Jane:

We looked at the workpapers for 2005, 2008 and 2011 Gas Trans Cases. We found that for each application filed, we only show one recorded ("base") year data. For example, in the 2011 GT case we showed 2008 recorded data. In 2008 case we showed 2006 recorded data.

Jane, one more quick question. As I recall, when you provided us the comparison of actual vs. authorized Gas Accord expenditures, you said that you pulled those numbers from various previous Gas Accord applications. From that I gathered that you provide a breakdown of actual expenditures authorized by the CPUC in the previous Gas Accord as part of your next Gas Accord application. Is it true that a breakdown of actuals is provided as part of each GA application? Trying to get it straight for Tuesday hearing. Thanks.

Gurbux, Amrit left a message with Hudson Martin, the head of insurance for PG&E. I also left a message for Mark Sweeney, who is the legal expert on insurance for PG&E. Hopefully one or both of them are in today, and will give you a call. If you don't hear anything by Monday, please let me know, Jane
