Subject: DAWG Meeting November 9, 2010 @ CPUC 10am-4pm

### **DEMAND ANALYSIS WORKING GROUP (DAWG)**

#### **REMINDER -- SAVE THE DATE**

**Please Complete this Doodle poll so we know who will attend** (just click the link and add your name, mention whether you will be there in person or via phone):

<http://www.doodle.com/twrzftguxdmeg8i7>

Our next meeting will be **November 9, 2010, 10am-4pm**, at CPUC in San Francisco. The full DAWG will meet 10am-2:30pm, with a special session for the Demand Forecasting Subgroup 2:30-4pm.

I'm calling this agenda "A Celebration of Demand Forecasting."

We will cover:

- How demand forecasts in CA work (Energy Commission, IOUs, POUs)
  - Process
  - Regulatory implications (including procurement)
  - Issues
- and importantly: Implications of demand-side resources in forecasts
  - Inclusion of demand-side resources
  - Why they matter
  - Issues
  - How demand forecasts in CA work (Energy Commission, IOUs, POUs)

Updates from the Energy Savings Subgroup and on the CPUC's 2013+ EM&V

This will be a great opportunity a) for the demand forecasters in our group to begin work ahead of the 2011 IEPR process, and b) for the others in our group to understand the demand forecasting process and how the demand-side resources (EE, DG) affect the "bottom line."

Actual agenda, etc. to be distributed soon.

Thank you.

C.

Chris Ann Dickerson
