**Subject:** Data Request - PG&E's Ag Customers

In order to plan for TOU/PDP outreach to Ag customers, we request the information listed below. We understand that you are having difficulty identifying the exact Ag customers who will be defaulting to TOU/PDP on February 1, 2011. Therefore, we request that you provide information on the entire population of Ag customers in your territory (approximately 80,000) so that we can begin learning more about this group and familiarizing ourselves with their locations. We would like this information by close-of-business Tuesday, October 5. Please let us know if that will be a problem for you.

Please provide the

following:

- Total number of Ag  
service agreements in PG&E's territory

- Number of Ag  
service agreements in each county
