Subject: Response to joint motion in DA proceeding

Hi Linda,

Following up on my (long-winded) voicemail and my conversation at the CCPUC with Joe, I am forwarding to you a DRAFT of the joint utility response (due tomorrow) to the joint party motion in the DA proceeding to recalculate the non-bypassable charge as it relates to the above market cost of renewables. DRA is welcome to join if you like, but even if you don't I wanted to share this with you as it sounded like Joe and I had similar concerns with the Joint Parties' motion. I'm sorry to only provide you with a day's notice, but I just got this draft myself. This response is mostly procedural, as you will see. Give me a call if you want to discuss (415-722-6504).

BTW, Edison is sharing this draft w/ Mike Florio today, I believe.
