I haven't forgotten your request. I'm still trying to identify the right contact for you.

Bill

R&D effort

Hi Bill: I see that as part of PG&E's recently-announced Pipeline 2020 program, PG&E intends to establish a non-profit Research & Development entity, and PG&E will provide \$10 million to launch this organization. I and Mike Gravely at the CEC (which administers a natural gas R&D program) would like to learn more about this effort. Could you

please provide me with a contact at PG&E who would be able to inform us about this effort? Thanks.
