Thanks Tim. I am copying Chester so that your staff can correspond directly with him and set up the meeting. I will definitely stay in touch too. I am very proud of you too.

Congratulations! I am extremely proud of you. Yes on all counts. I have been trying to find a way to reconnect with my undergraduate alma mater. This is a great opportunity. It was great seeing you as well. We must stay in touch! My team will arrange our meetings. I have allot of travel so please do not be offended by the dates.

Warmest regards,

Subject: My new job

Tim,

It was great seeing you this past week-end. My new job title is Director of Integrated Demand Side Management (IDSM) Operations. I started on September 1, 2010. It is temporary right now, but am confident it will be permanent in a few months. So far, so good.

On another note, I have been asked to do a virtual introduction by one of my co-workers, Redacted, Redacted. She is president of the USF Board of Directors. She wanted me to introduce you to Chester McGensy III. He is also a USF board member and wants to reform a USF Black/African Alumni Society. He was told you formed the previous group but it has been inactive for sometime. Would you be interested in contacting him? If yes, I will give you his information or vice versa. Please let me know.

At your service.

Pam
