Attached you'll find the latest fax from Dean Florez.

Florez claims the company did not provide the information he requested and our claims we withheld information due to the NTSB investigation is misleading. He references a letter he received from the NTSB General Counsel, stating no such restriction of information was placed on PG&E.

The Senator is now asking us to provide the information at Tuesday's hearing.

Chris Johns and Kent Kauss were copied on the letter along with Mike Peevey and Paul Clanon.
