Subject: A.10-08-011 Pump Storage feasibility study

Megan:

On A.10-08-011 (Pump Storage feasibility study), could you please have someone look into whether there is any precedent in which the Commission granted PG&E (or another utility) recovery of project developmental costs both before and after the project's completion? I'm assisting the ALJ on this application and would appreciate an expeditious reply on this question. Thank you.
