Jack,

Attached please find a cover letter enclosing confidential financials for SolarCity Corporation and SunRun, Inc. As these companies are not publicly traded, and these documents were provided to PG&E Corporation under a confidentiality and non-disclosure agreement, we are producing them under Public Utilities Code Section 583. Please also note that some of these are unaudited/drafts.

Regards,

Erich

Hi guys. I'm not ignoring you - everything's hopping around here this week and, as usual, we're throwing a lot of resources at the latest crisis. Yes, the files did get through without incident. Thanks for your responses. No, we haven't had a chance to go through everything and make any decisions yet, but it is on my radar in spite of all this other stuff.

But *phone calls*? Even my sweet mother uses email almost exclusively now. I don't even check voice messages more than every other day or so. Get hip, daddios.

OK, I am given to hyperbole from time to time. Regardless, we're going over those 5 MBs and will have a response soon (in terms of CPUC time). Thanks again. Jack

Subject: FW: Pacific Gas and Electric Company Affiliate Advice Letter Filings - Responses to Energy Division's Questions

Jack,

In response to Energy Division's questions regarding Pacific Gas and Electric Company's new solar energy affiliates, I am attaching two letters, one from me on behalf of Pacific Gas and Electric Company and one from Brian Steel on behalf of PG&E Corporation (responding only to Question 4). Please note that the letter from Pacific Gas and Electric Company contains information that is subject to confidentiality agreements between PG&E Corporation and SolarCity Corporation and between PG&E Corporation and SunRun, Inc., and that we are therefore providing this information to you pursuant to Public Utilities Code Section 583.

Redacted

Yours truly,

Erich Lichtblau
